REPORT: BOARD OF TRUSTEES CHAIR

Chair Liaw voiced her apologies for having to be in Olympia during the Legislative Session and the subsequent impact it had on the Presidential Search timeline. She expressed appreciation for the work of the Presidential Search Screening Committee (PSSC) and understood the Committee's frustration with the delay.

OPEN COMMENT PERIOD

Puget Sound Automobile Dealers Association (PSADA) Executive Director Jim Hammond reiterated the sentiments expressed by Special Assistant to the President Don Schultz during the Study Session and spoke of the long partnership between the PSADA and the College. He credited Interim President Campbell for the retention of the Automotive Training Program's industry partners and on behalf of the partners, requested that the Board consider having Interim President Campbell "enter his resume into the Presidential Search process."

Don Schultz, Special Assistant to the President – Automotive, spoke of starting at the College in 1968, serving "under six Presidents" and being a tenured Faculty member as well as a Dean. While acknowledging his belief in the community college system, he also spoke of the need to look at the College as a business. Executive Director Schultz noted that Interim President

Campbell understands partnerships and asked that the Board consider appointing Interim President Campbell to the permanent position of President.

Professor of History Terry Taylor opened his remarks by stating, “The other side of the house needs help too. We are losing domestic transfer students and we need help in fairly compensating Faculty.” After providing examples of why salaries for Community and Technical College instructors is “behind by 13%,” he asked the Trustees to advocate to the Trustees Association of Community and Technical Colleges (TACTC) for the ability to bargain for Faculty raises using local funds.

Director for Equity, Engagement & Counseling Services and High School Programs Yvonne Terrell-Powell spoke about the Student Parliament mini-grant funded event BREATHE—a collaboration of a number of departments to “reduce students’ pre-finals stress.” Director Terrell-Powell noted that the event served over 200 students and the hope is that BREATHE can become a quarterly event.

ACTION: RENEWAL OF FIRST AND SECOND-YEAR TENURE TRACK FACULTY CANDIDATES

Motion 14:11: Trustee Barrett stated, “After having given reasonable consideration to the recommendations of the respective Appointment Review Committees, the Interim Vice President for Academic and Student Affairs, and the Interim President, I move that the Board continue the tenure-track candidate status of Corinne (Corki) Budnick, Caroline Conley, James Elenteny, Matthew Allison, Katie Fleming, Brad Fader, Marjorie (Betty) Kost and Jessica Simpson.”

Trustee Lux seconded the motion.

The Trustees spoke of the value of having the opportunity to meet with the Chairs of the Second-Year Appointment Review Committees (ARCs) and pointed out that the most active comments contained in the candidates’ reports from the ARCs, came from students. Several Trustees noted that they would like to see more suggestions related to “ways in which to improve skills” from peer reviewers contained in the reports. In response, Faculty Federation President Amy Kinsel stated that in compiling tenure reports, the tenure committees sometimes assign each member of the committee to write a specific part of the report, with students often assigned to write in the section about student evaluations.

Trustee D’Ambrosio communicated that it would be helpful to measuring progress if goals were articulated in a standardized way on the reports.

The motion was approved unanimously by the Board.

REPORT: PRESIDENTIAL SEARCH

Vice President for Human Resources and Legal Affairs Stephen Smith shared that finalist Dr. Dennis Rome withdrew his candidacy from the Shoreline Community College's Presidential Search process as he has accepted a position elsewhere.

In response to an inquiry from Trustee D'Ambrosio about whether Interim President Campbell's application could be entered into the Presidential Search process, Chair Liaw stated that the Board set-up a process which precluded Interim President Campbell from applying and at this point in time, the Trustees would continue to honor the process.

REPORT: HOUSING DEVELOPMENTS

The College continues to hold discussions with the City of Shoreline regarding the College's MDP (Master Development Plan). The City is holding firm that the College is responsible for major frontage improvement (location of sidewalks and sidewalk improvements, for example). The public hearing at the City of Shoreline regarding the College's MDP permit is scheduled for April 22.

Interim President Campbell noted that the College's Student Housing partners continue to stand behind the project. He added that a number of additional and potential opportunities for student housing have come forward and that the College is considering all of the prospects.

REPORT: LEGISLATIVE UPDATE

Interim President Campbell highlighted some of the outcomes from the Legislative Session:

- A Capital Budget was not passed.
- The final Supplemental Operating Budget was adopted and includes approximately \$10 million in efficiency cuts, equating to approximately \$75,000.00 - \$100,000.00* for Shoreline Community College to assume.
- No tuition increases for FY 2015.
- Waiving of the one-year waiting period for Veterans paying in-state tuition (SB 5318 – Military/Resident Tuition).

REPORT: SCC FACULTY

“Faculty are essential to this College.” Professor Amy Kinsel spoke of Faculty members’ participation in unfunded activities, including professional development activities and shared her participation in a roundtable discussion on textbooks which appears in *The Journal of American History*.

Professor Kinsel distributed buttons labeled with 000000 and explained, “This reflects the number of years we have not have COLAs. She spoke of the challenges in hiring individuals to teach in Engineering, Chemistry and Biology. “We need to do something. Our real incomes are declining year after year. Faculty, Classified Staff and Administrators are also not making what they are worth. We need respectable salaries.” After echoing Professor Terry Taylor about TACTC advocating for salary increases, Professor Kinsel asked what the WACTC (Washington Association of Community and Technical Colleges) was going to do to.

Professor Kinsel closed her report by noting, “We have to come up with some new ideas.”
