

PROJECT BIOTECH 2023 Application - Shoreline Community College

HI FUTURE DOLPHIN!

Welcome to PROJECT BIOTECH!

We're glad you're here and look forward to your attendance this summer!

Introduction and Camp Selection

Campers can apply for one or more PROJECT BIOTECH five-day summer camps which provide an introduction to biotechnology techniques, hands-on labs and computer experiences, career exploration and guest speakers from the Puget Sound biotechnology community.

Each camp can accept only 24 students so early registration is encouraged. Applications from current 8th through 11th graders will be reviewed immediately. 12th grade student applications will be reviewed after June 15th if there are camp openings available.

If you participate in PROJECT BIOTECH, you are expected to:

- Attend all five days of camp, for the full day, from 9:00am to 4:00pm.
- Provide your own transportation to and from Shoreline Community College
- Provide your own lunch. (There are only vending machines available on campus.)

NOTE: Lunch will be provided on Fridays.

Applications are accepted online only. Students will be notified by email of acceptance status (accepted or on wait list) within two weeks of application.

Scholarships for this camp are available! Scholarship information is included in this online application. Registration fees are **\$450 per camp**, payable by credit card. Payment process information and due date will be included in your acceptance letter.

1. Which camp(s) are you applying for? Select all that apply. *

Biotechnology Essentials and Beyond (July 10-14, 2023)

- (Recommended for upcoming 9th and 10th graders but open to all high school students to provide basic biotechnology training)

Biotechnology Essentials and Beyond (July 24-28, 2023)

- (Recommended for upcoming 9th and 10th graders but open to all high school students to provide basic biotechnology training)
